

FREESTYLIST MA120

The manual (MA) Freestylist model has full height adjustment capabilities that are made at installation time. You will need access to the Freestylist in the ceiling in order to make changes after installation. The MA model is used when few adjustments are expected.

The MA Freestylist can change the resting height of the dryer using the adjusting screw. This adjustment can be done at any time. To make the height adjustment it must be done in the ceiling. This method is one for salons where everyone has their own station. If you change stations often then the remotely adjustable Freestylist may be a better option.

Note The MA 120 has no "auto on feature" when the dryer is pulled down.

Physical

Case: Steel
Size: 7.875"H X 8.375"W X 16.375"L
(20 X 21.27 X 41.59 cm)
Weight: 25LBS
Operating Temperature: 41°F to 140°F (5° to 60°C)

Performance

Max. Installation Height: 12' 6" (381 cm) base of unit
Min. Installation Height: 7' 2" (218 cm) base of unit
Max. Dryer Travel: 82" (208 cm)
Highest Dryer Rest Height: 7' 2" (218 cm)
Lowest Dryer Rest Height: 4' 4" (132 cm)
Brake Load Limit: 30 oz
Maximum Dryer Weight: 40 oz
Minimum Dryer Weight: 14 oz
Dryer - Horizontal Motion: 0 oz (adjusted to weightless)

Power

Input: 110-125vAC, 60hz
Circuit protection: 15 amps
Usage: .285 amps(setting adjustments)
Dryer Load – Nominal: 13 amp

Certifications

UL Standard 355: Yes
UL Standard 498: Yes
CAN/CSA Standard C22.2 NO.21: Yes
ETL Listed: Yes
